A Memo From Marilyn

Hi Everyone.....

When my daughter Lori and I boarded the 727 plane this past week-end for a business trip to New York, little did we realize that New York would show us every type of weather that it's famous for....But that it did! We landed on a warm, beautiful spring afternoon, but by the next day, tornadoes were on the schedule...And, then to top off a perfect week-end, we even saw snow. It was nice being in New York. It was wonderful seeing our friends whom we love so dearly, but how much nicer it is to be back here in our own warm, beautiful and sunny Miami!

Where is time going!!! Seems like just yesterday that I said "Merry Christmas" and now it's time for "Happy Easter." There's no way more beautiful to say "Happy Easter" to someone you love, than with flowers. Call FOUNTAIN FLOWERS (ad is on page 37). They'll either deliver flowers for you locally, or wire them any place in the United States.

For you "do-it-yourselfers", be sure to visit with our good friends at the ARTS & CRAFTS WAREHOUSE OUTLETS. One of the locations is in the warehouse district in Briar Bay. The other is in Homestead, on Lucy Street. Clip the ad on page 12 and save $1.00 on purchases of $10.00 or more.

Have you noticed that the CUTTING ROOM UNISEX HAIRCUTTERS is featuring a permanent body wave for only $17.00! It's a regular $35.00 value, but by clipping the ad on page 12, you save $18.00. Now that's real saving for ya!

LES CARPET SALES is offering a real super dynamite vacation for two to Las Vegas, that includes lots of goodies. The drawing will be held July 11th, and it's not necessary for you to be present to win. For more information, read the ad on page 37.

Have a good week....The most joyous of Easters to everyone! See you around South Dade.

INSIDE TV

JOEY SASSO

INSIDE TV — I spy two celebrated names making their comebacks on TV. **Barbara Stanwyck**, 72, has been approached to star in "Tony's Boys," a spin-off from "Charlie's Angels," while **Joan Fontaine**, 63, has signed up for a new ABC series, "Once Upon A Spy." ... **Linda Lavin**, star of TV's "Alice," may look down-at-the-heel on the show, but she's actually a shoe freak. Whenever she's in New York, she picks up six pairs of shoes at a time from a snob shoe store ...

Suzanne Somers, the bubbly blonde everyone used to love on the set of "Three's Company," is turning into a prima donna. Unhappy crew members say Suzanne used to be one of the gang and never asked for star treatment. Now she's acting like a Hollywood star and the happy atmosphere on the set is fast disappearing.

TV HOTLINE — CBS is getting plenty of angry mail over its cancelling of the soap opera, "Love of Life." But despite the outpouring of letters, the network isn't about to change its mind. The show is dead for good ... **MacKenzie Phillips** has failed the "straighten-out or get-out" ultimatum given to her by TAT Communications. She's been axed from her hit CBS series, "One Day At A Time," and her contract with the Norman Lear Production Company terminated. The troubled 20-year-old actress was put on a forced leave of absence last November, with the hope she would bring her physical and emotional conditions up to par in time for a January comeback. When that didn't happen, MacKenzie's "One Day At A Time" character was temporarily "moved away." With that script change now permanent, there will be a lot more camera time next season for remaining stars, **Bonnie Franklin** and **Valerie Bertonelli.**

TV CLOSE-UP — Super-talented Gary Coleman of "Diff'rent Strokes" who's 11 years old but has the razor-sharp mind of a trial lawyer, will play the head of a television network this fall. But now he's a boss in real life, too. He's formed his own movie production company, Gary Coleman Productions, and named himself as the president. Until Gary's old enough, his mom, Edmonia, will run things, as chairperson ... Young **David Hasselhoff** is getting restless as he prepares to bolt from the soap opera world for a new life in prime time. David, the sexy star of CBS-TV's "The Young and the Restless," will star in "Semi Tough," a new series based on the hit **Burt Reynolds** movie ... **Bill Bixby** of the "Incredible Hulk" was asked what TV stardom has meant to him. Bill answered: "It's given me my very own parking space at the studio."

Dear Debbie

Letters to DEBORAH WHITE

DEAR DEBBIE:

I am a 30-year-old divorcee. My problem is my 10-year-old daughter. She is a real "Lolita." I have some men friends who are very fine gentlemen. I do not entertain or go out frequently, but when I do my daughter's behavior is outrageous. She gets all dressed up and parades herself in front of my dates. She flirts continuously and likes nothing better than to be picked up and fondled. I have been divorced for four years but she sees her father often. She does not behave this way with him. It embarrasses me that she does so with my male guests. How can I prevent her from this behavior? I do not seem able to control her.

S.W.

DEAR S.W.:

You should be less concerned with your embarrassment and more concerned about the reasons for your daughter's behavior. She may be searching for a more permanent father figure. You might also be overreacting due to resentment or jealousy. Remember, it takes two to fondle. Whatever the cause, the result is making life uncomfortable for both of you. I suggest you seek professional help for yourself, and then for your daughter if indicated.

* * *

DEAR DEBBIE:

Please print this letter so that people who abuse hospital emergency rooms can see what it's like on the other end. We enjoy helping people, but some of those folks out there are so ignorant it's pathetic. When we, the operators, try to straighten them out they get mad at us. In one case, a mother let her epileptic child's medication run out on a Sunday. Why do people let their medications run o knowing that pharmac and doctors are n available 24 hours a da We have people who c at 3 A.M. and say, "I had a headache for thr days and I want to see n doctor." The emergen room is for people who a injured or in despera need of medical attentio Diarrhea, headaches a nervous problems th have been occurring f weeks or months are n emergencies.

HASSLE

DEAR HASSLED:

I wish everyone in th country could read yo letter. Here it is, and hope it helps.

* * *

DEAR DEBBIE:

My wife is a very pret girl. She is 23. She dress beautifully, has a gre personality and keeps th house immaculate. Unfo tunately, she is a ver clumsy person. Th doesn't bother me but is causing her a lot o distress. She can't wal half a block withou stumbling. She almo always spills her drin Although her table mar ners are beautiful, she wi invariably spill food o her dress or drop he napkin at least once du ing the meal. We've onl been married two months She says she was neve this way when she wa single. Frankly, wouldn't have notice even if she was, because love her. What worries m is that maybe her clum siness is my fault. Is tha possible?

LOVING HUSBAND

DEAR LOVING:

Possible, but not likely Unless the situation doe bother you and your wif senses this, the best thing you can do is ignore he lapses and keep reassur ing her of your love Eventually, the security that a good marriage brings will give her more poise and confidence.

BACK TALK

By Dr. Jerome Powell, CHIROPRACTOR

MY ACHING BACK!!

"Oh, my aching back!" is more than an expression of disgust. It can be a description of an ailment which can range from mild discomfort to severe pain. It is never funny, but often not taken seriously by many people. If you have a backache, it could be that you are suffering from muscle pain, a pinched spinal nerve, or a disease of the spine. Regardless of the basic cause, misalignment of the spinal column should be considered.

Your Doctor of Chiropractic can tell you that there are nine critical symptoms to look for in back pain. The first is "paresthesias" which are strange sensations like tingling, hot or cold spots, burning and crawling sensations. Others are headache, painful joints, numbness in hands or arms, insomnia, neck stiffness, pain between the shoulders, numbness or pain in the legs or stiffness and pain in the lower back. These pains or sensations are nature"s way of telling you that there is danger somewhere to your nervous system and that it is time to get help.

Spinal Muscles may be weak, flabby and lax, or be overexercised and overly tight, resulting in spasm. This may pull the spine into a misalignment and painful distorted posture.

Pinched spinal nerves and neuralgia are two more sources of backache. This also may be caused by poor posture, strain or misalignment of the spine.

Disease of the spine, such as arthritis is fairly common. Slipped disc or herniated disc occur less often than thought by many.

Causes of back pain are so varied that you need a specialist.

Dr. Powell's office is located in the Hagan Building, 17643 So. Dixie Highway, Perrine, Telephone No. 251-6020. If you have a question about a problem, please feel free to call or write.

THIS IS VICKIE MCCOLLUN'S OWN LETTER:

Dear People at DermaCulture:

I am so thrilled over my complexion. My face, as you know, was an ugly sight, and had been for many years. As I told you, I tried everything and anything with the hope that something might help. Then one day my Mother suggested that I come see about DermaCulture. I really did not believe it would help, but with a problem like mine, I felt I must do something.

After a few visits, I was aware that my skin did look better, then after each visit I could surely see much improvement.

Now, my face is smooth and the blemishes are gone. I shall always be grateful to you for my pretty complexion. I wish everyone could know about you and could visit you. It has really changed my life.

Sincerely,

Vickie McCollun

Hi Everyone

Gals! I found something to make housework a little easier. It's a miracle product called SPARKLE BATH, available at PLUMBING SHOWCASE (see their ad on the back page). I tried SPARKLE BATH and it works great. Hurry and buy some now at the sale price. Of course, don't miss out on the other values in their ad.

If you've been thinking about remodeling your kitchen, you must pay a visit to KITCHENART (see ad Page 30). They have beautiful kitchen cabinets and low prices too...for both the do-it-yourselfer or for those who want custom installations. Remember to tell them you saw their ad in TV FACTS.

HOROSCOPE

By Clay Pollan

FOR WEEK BEGINNING MONDAY, APR. 7, 1980

If your birthdate occurs this week . . .

You are stubborn, rebellious and dynamic. There are few facts that escape your attention.

Aries — **Mar. 21 - Apr. 19** — **Mars**

The money situation has ups and downs during this period. Above all, protect your own interests first. You're inclined to defer to the wrong kind of people. You'll find Leos and Virgos the easiest to deal with.

Taurus — **Apr. 20 - May 20** — **Venus**

Make this a week of sociability. Be generous, outgoing. Have a good discussion with some lonely person. Entertain at home. You'll be pleased by the compliments received. Legal matters are emphasized.

Gemini — **May 21 - June 20** — **Mercury**

Do not make the mistake of intruding into any affairs that are not strictly your own business. It's best to let others discover their mistakes and rectify them in their own way. Secrets are due to be revealed.

Cancer — **June 21 - July 22** — **Moon**

You'll be on the move this week. It's wise to have your car well serviced. Double-check brakes, power steering and tires. Your forces tend to be scattered. You may be trying to do too much. Be persistent.

Leo — **July 23 - Aug. 22** — **Sun**

One thing is certain. You know what you want and the stars will support you to get it. Be steady on your course. Eliminate snags and clear your decks for action. Give money deals plenty of analysis.

Virgo — **Aug. 23 - Sept. 22** — **Mercury**

This should be a lucky week for you. Your hunches should prove accurate, and you should be very good at spotting winners. You will enjoy greater personal appeal. People will listen and respond.

Libra Sept. 23 - Oct. 22 **Venus**

Opposition melts away. You get the green light for your plans. Recently blocked progress has faded away. Go ahead optimistically and confidently. Something started now has good chance for success.

Scorpio Oct. 23 - Nov. 21 **Pluto**

Let sleeping dogs lie. Just go about your own business and let well enough alone. Entertain in your home, if you can; eat out often and do some light shopping with a friend or mate. Refuse to be drawn into quarrels.

Sagittarius Nov. 22 - Dec. 21 **Jupiter**

This week's aspects give you a free road to do just about as you please. Emphasize your ability to be versatile. Some desires are fulfilled. Find reasons for recent happenings. Romantic experience possible.

Capricorn Dec. 22 - Jan. 19 **Saturn**

Your moon signs are favorable. This will make for a speed-up in the tempo of your activities. It's likely that your efforts to reorganize affairs will prove advantageous to yourself. You get a second chance.

Aquarius Jan. 20 - Feb. 18 **Uranus**

Definite gains shown this week, financially and emotionally. Events happen that unlock a new door of opportunity. Read reports carefully. They have a useful message to convey. You revel in special attention.

Pisces Feb. 19 - Mar. 20 **Neptune**

You are likely to be thrown together with a surprising number of strangers, but you will get along well with them. What happens now is apt to be swift—a quick call, a special appearance or unusual agreement.

GOSSIPING — WITH — JILL JACKSON

HOLLYWOOD — It was Lana! Lana! Lana! Flowers, standing ovations and much excitement as the still svelte and beautiful superstar **Lana Turner** played "Murder Among Friends" at the Beverly Dinner Theater in New Orleans. One TV station dedicated an entire week to old Turner movies winding with "Madame X," in which your reporter plays the policewoman in charge of Madame until she dies in jail ...

Nick Nolte mulling a million buck offer to star in "The Second Coming," to shoot in Gotham. In 1976 as president of the Hollywood Women's Press Club, I handed him the Golden Apple for "New Star of the Year." Superstardom in four short years!

Lots of eyes strayed from the stage the night **Ryan O'Neal, Farrah Fawcett** and his mother and father made it a foursome to see "Da" at the Huntington Hartford Theater in Hollywood. Right now Farrah's in New York, where she's been seeing **Sly Stallone** ... **Diana Ross** bid a million dollars for **Frank Gorshin's** Greenwich, Conn., estate and then lost it when Frank pulled the manse off the market hoping to make two million come summer.

Superstar **Merle Oberon** left the bulk of her estate to her most recent husband, **Rob Wolders.** Her magnificent and expensive wardrobe went to her daughter adopted with **Bruno Paglai** and her shoes and handbags went to her son, also adopted with Paglai ... And the late **Joan Blondell** left a handwritten will leaving her estate to her four grandchildren.

Talk-talk-talk about **Charles Higham's** book, "Errol Flynn, The Untold Story," in which the author not only tells of the Great Lover's dalliances with members of his own sex and his other quirks, but accuses him with documentation of spying for the Nazis. It's an interesting, well-written book and I always feel it's too bad when the subject cannot have equal time for rebuttal, explanation or whatever he would like to say.

I understand the reason **Polly Holiday** has her own series is Flo was overshadowing Alice (**Linda Lavin**). Now comes **Diane Ladd** as Belle in an equally flamboyant role so it will be interesting to see what happens.

MAGICWORD

EXCITEMENT (Yes, particularly when we see the California Angels!)

HOW TO PLAY: Read the list of words. Look at the puzzle. You'll find these words in all directions -- horizontally, vertically, diagonally, backwards. Draw a circle around each letter of a word found in the puzzle then strike it off the list. Circling it will show a letter has been used but will leave it visible should it also form part of another word. Find the big words first. When letters of all listed words are circled, you'll have the given number of letters left over. They'll spell out your MAGICWORD.

That's nice, but Bezzy gets wont with girls anymore! It's now Ron Ely a town!

What's *Wrong* with Modern Medicine?

Did You Know:

- Many members of the U.S. Olympic Team receive chiropractic care?
- Chiropractic can help not only spinal and nerve problems but ailments in many vital organs?
- A chiropractor's study is as long as an M.D.'s?
- Chiropractic is natural health therapy, avoiding drugs and surgery?

There was a time when medicine was considered the art of healing.

In its current emphasis on science, the patient has been forgotten. Depersonalized, "assembly-line" medical practice, overabuse of drug therapy and iatrogenic (doctor-caused) diseases have reached disturbing proportions.

Chiropractic teaches drugless therapy, health maintenance and body ecology.

In over 20 years of chiropractice Dr. Howard May's success with patients has been remarkably high.

If you are ready to try the alternative of 'healing hands' over dangerous drugs, call for an appointment.

"The doctor of the future will give no medicine but will interest his patients in the care of the frame, in diet and in the cause and prevention of disease."

—THOMAS EDISON

Call or write for *FREE* Booklet. Learn the dangers of uncorrected posture, needless drugs, poor dieting. Find out how 'natural' chiropractic can lead to a healthier life.

CRISWELL PREDICTS

SLEEP FOOD — I predict a new combination of health foods which can induce sleep will soon be on the market in 1-ounce packages! Prepared by scientists representing one of the largest cereal manufacturers in the world the new food will cause a deep and satisfying sleep to those who have been depending on sleeping pills and tranquilizing pills!

DOME SKYLIGHTS — I predict dome skylights on public buildings will come back in style, but they will be constructed entirely of fiberglass!

EGYPTIAN HISTORY REVAMPED — I predict the curtain of time will lift later this year and reveal one item that will cause you to throw all your Egyptian history books away as useless! The unearthing of an unrecorded tomb in the Nile Valley will tell a new story and a new understanding of the ways of life in ancient Egypt! Historians will be forced to rewrite long pages of history overnight!

SHOCKING SCANDAL —I predict a famed Broadway playwrite and his actress wife will face the boldest and most shocking scandal of the year! The erring playwrite has incorporated the unmentionable past of his actress wife in a forthcoming play and her family will sue for slander!

GHOST OF JAMES DEAN — I predict you will be hearing more about the ghost of James Dean, which is haunting his old Hollywood hangouts, and driving a ghostly white sports car above Sunset Strip!

FUTURE HEADLINES — Mississippi River On Rampage — Sports Scandal Rocks College Football — Plague Sweeps Public Schools — New Drive On Phony Charities — France Faces Financial Woes — Railway Strike Looms in Canada — Senate Deadlocked In Tax Battle — Famed Magazine Denied Use Of Mails — Killer Storm Pounds Atlantic Coast — New Method Of Embalming Discovered — UFOs Sighted In South America — English Factory Workers Vote To Strike — Doctors Angered By Socialized Medicine Plan.

FAMED SURGEON WILL DIE — I predict an internationally known surgeon who has saved thousands of lives because of his exceptional medical skill will lose his battle for life in a coming operation.

LOW CALORIE DESSERT — I predict a new low calorie imitation ice cream dessert — 15 calories per serving — will be the next rage for those of you who are just a little bit overweight!

CALIFORNIA RAINBOWS — I predict rainbows will be very common in California this summer due to heavy climatic air! A rainbow could be for you!
